Discontinue Notice of TFT-LCD (CCFL Products)

Dear Customers,

We appreciate your support for Mitsubishi Industrial TFT-LCD and we are proud of being part of your successful business.

We inform you that we have to discontinue some models of TFT-LCD because the material used in Cold Cathode Fluorescent Lamp (CCFL) backlight is discontinued by the manufacture. We would like you to switch to new models, detail is as follows. Thank you for your understanding and cooperation.

1. The object products: *Please see attachment about details.
 - 1) TFT-LCD with CCFL backlight
 - 2) CCFL Lamp Unit for replacement
 - 3) TDK Lambda DC-AC Inverter
2. The reasons for this Discontinue:

Reflector material of CCFL is discontinued, we cannot get alternative one to keep same optical performance.
3. The final shipping date:

The end of December, 2013
4. The due date to receive the final P/O :

December 28th, 2012
5. Attachment
 - 1) Cross Reference table of Discontinue Products (CCFL) and Successor Products (LED)
 - 2) Discontinue list of TDK Lambda DC-AC Inverter

If you have any questions or requests, please feel free to contact us.

Sincerely yours,

Masaaki Nakano,
Manager, Factory sales group
Production Planning & Control Dept., LCD Division
